An outdoor dining area featuring a green wall with climbing plants and two yellow mailboxes. A wooden planter box holds various green plants. In the foreground, a young boy in a brown jacket and tan pants sits on a gravel path, looking towards the camera. To his left is a lit lantern with a white candle. To his right is another lit lantern. In the background, a table with a grey tablecloth is set with orange napkins and white plates. A person's hand holding a white smartphone is visible on the right side of the table. The background shows a concrete building with a sign that reads "Galeasens gränd" and "Kv. Galeasen".

THIS IS A GREEN TABLE

Sustainably designed products that look stylish and work beautifully add to the feel-good factor of any meal. We provide an extensive selection of napkins, tablecoverings and candles that do just that.

Can you tell us a little about your business?

We operate six theatres, as well as three dance clubs across Germany. We are part of GOP Varieté Group, which is Europe's biggest variety entertainment group, the market leader in Germany, and a key trendsetter for the variety scene in general.

Our six theatres – some are historic, others are modern – offer an especially elegant and charming ambience. We always aim to create a feast for all the senses, and we serve very creative, ambitious cuisine made from local ingredients.

Which Duni products do you use?

We use Dunisoft® cocktail napkins, coasters and Duniletto® pockets, which have been profile printed by Duni. These help us to highlight our brand during all eating and drinking occasions. Our guests really like the attractive design of these products, while our staff is very pleased with their premium quality and easy handling.

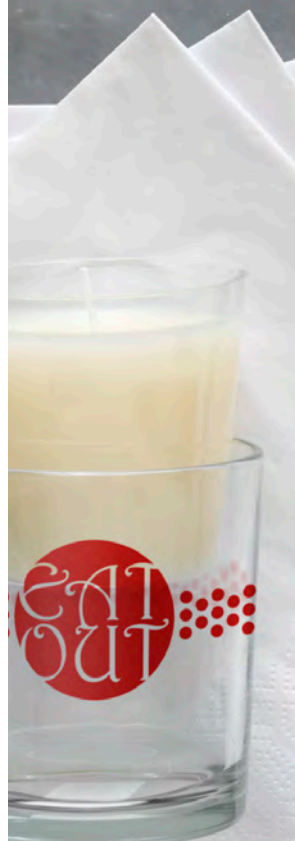

What are your thoughts in terms of brand building?

Brand building is getting more and more important these days. It's especially critical for us to 'stay on the radar' at a time when the possibilities for entertainment are changing so rapidly.

How has your experience of our concept and consulting been?

Duni, and the concept itself, have been very easy to work with – we are more than willing to buy multilevel concepts from one single partner. The quality, guidance and expertise Duni provided made us sure we were following the right path when we developed the concept.

DUNICEL®  **DUNILIN®**

IT'S ALL ABOUT FOOD, PEOPLE, DESIGN - AND YOU!

Karin Nyhuis is the Chief Designer at Duni. Here she reflects on what inspires her, Special Editions, colours, and how to create goodfoodmood.

Q: Karin, can you tell us a little about where you find inspiration?

A: Many places! Different materials, things I discover in shops, furniture, and the world of fashion and design all inspire me. The maritime blue tones, graded effects, multicoloured stripes and fusions of different structures in this year's collection reflect emerging trends, for example.

Q: Does the idea of personal expression guide your design philosophy?

A: Definitely. The Duni collection is all about combining colours, structures and designs to create the mood that is most you.

Q: Individual interpretation seems key to the Special Edition 'Material Matters' range. What are your views on this?

A: Individual interpretation is particularly relevant for Patina. It poses an intriguing question: what do you see? The answer depends on the individual. Marble and Wood are less open to interpretation. Their appeal comes directly from the materials they represent.

Q: Nature and handmade motifs are big trends at the moment. How important are they to the collection?

A: Both play a central role. Nature is a key theme. The maritime shades capture the beauty of the sea;

White	Cream	Yellow	Mandarin	Red	Fuchsia	Bordeaux	Soft violet	Plum	Dark blue	Pacific blue	Mint Blue	Kiwi	Herbal green	Dark green	Slate	Café	Greige	Granite grey	Black

several designs combine floral, animal and jungle motifs; natural materials like wood play an important role; and the color palette has been extended with two new colors: Slate and Mint blue. Handmade and vintage touches also play a big part in the collection.

Q: Are many of Duni's colours inspired by nature too?

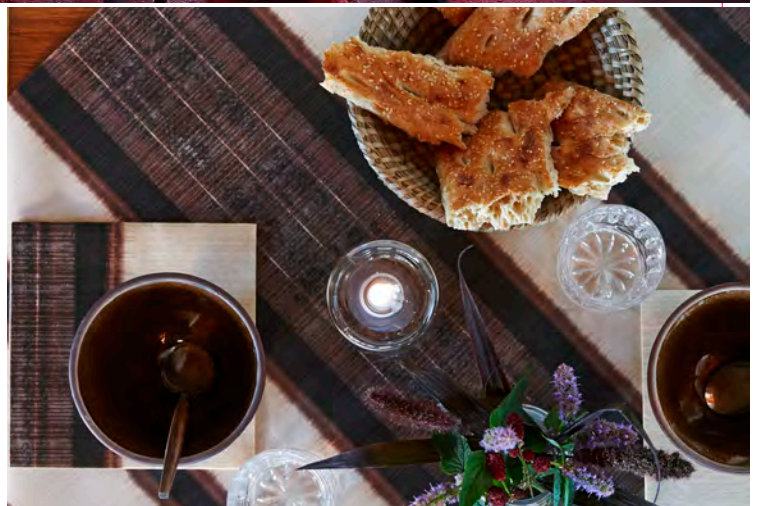

Many are. Some are bright and fresh, like Mandarin and Kiwi; others are more subtle like Granite grey, Plum, and Herbal green. Like the colours you find in the natural world, they suit each other perfectly.

Q: What's your recipe for creating goodfoodmood?

A: For me, Goodfoodmood comes from combining good design, good food and good company in a way that stimulates all the senses. For instance, cleverly combined structures and colour can bring people together through creating a strong, shared sense of comfort, anticipation and exclusivity.

Q: Finally, does working with Duni's unique materials have any advantages?

A: They make it easy to perfectly mix and match between designs and colours. The high quality of our materials also allows us to print intricate and eye-catching designs. As a designer, that's something I really appreciate!

MATERIAL MATTERS

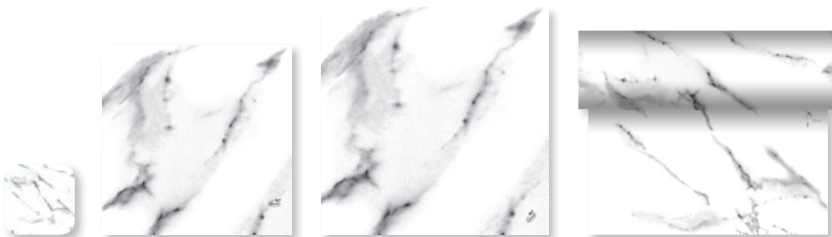

A RETURN TO THE ESSENTIAL.

"A return to the essential, Material Matters is a new Special Edition assortment, which has a raw, unfinished character and is very tempting to touch. Reflecting respect for traditional materials, it features an assortment of beautiful weathered textures and natural colours. Very versatile, it is at once contemporary yet timelessly elegant."

"Marble has made a huge comeback this year. Beautiful, clean and fresh, this design works particularly well when mixed with pastels or eye-catching copper accessories. It also balances out white space in a very stylish way when combined with a colour accent."

100% HANDMADE

“A sensual exploration of structures, materials and crafts, this theme offers a family of earthy designs that suit both modern and rustic establishments. Inspired by traditional handcrafts, it offers an appealing and individual mix of linen structures, natural materials and dip-dye effects. If you want your guests to feel cosy and warm, it’s ideal.”

Dunisoft® Napkins: see page 91

Goodfoodmood tip: Our elegant Bote candle holder and vase works very well with the traditional handcraft style designs.

THE DUTCH TRADITION: DELFT

Perfect for creating a lively, stimulating mood, this design reinterprets traditional Delft in a variety of noble and tasteful ways: floral, ornamental, geometric and hand painted. It mixes eye-catching blue tones and creates a particularly vibrant effect when used with bold highlight tones like Mandarin. It also looks very sophisticated when complemented with gold.

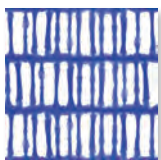

"These coordinated designs complement each other beautifully. If you are looking to create chic, distinctively individual décor, they're perfect."

MARITIME

“Surprising and playful, Maritime is a fun theme without limitations – it’s equally suited to restaurants by the sea and in the city. Influenced by coastal vintage style, it features vibrant small patterns, natural accents, waves, swirls and organic shapes, as well as fresh watercolours with dip-dye effects.”

SPRING IS IN THE AIR!

Upbeat, inviting and life-enhancing, our Spring theme has a touch of vintage charm. It offers lively motifs that capture the spirit of spring – from golden daffodils and pretty tulips to quirky bunny silhouettes – as well as quaint squares and vibrant stripes. These are all set against fresh textile-like backgrounds.

LET THE SUMMER SUN SHINE!

Don't be afraid to be modern! Our richly colourful summer theme offers a classic marguerite daisy in a modern summer dress – in masculine blue shades or a more feminine green, with a touch of African lilac. It feels summery and mysterious, yet very familiar. Blossom prints and vivid multicoloured stripes add to its contemporary feel.

With LED multicoloured remote control you can change the light to create the perfect mood at the touch of a button.

LED goes where candles can't

LED is the perfect solution when the fire code regulations prohibit flames. They capture the elegant glow of candlelight and are very practical too: they are remote controllable, have a 'burning time' of 12 hours, and recharge at just 8 hours! Furthermore, when paired with one of our specially crafted candle holders, you never have to sacrifice style, or the lovely glow of candle light – for safety.

For more information

Goodfoodmood tip: Combine matching silicone placemats and candle holders for the ultimate in style and durability – they are reusable and won't break if dropped.
